

GYSMATIC 2.0 CL TRUE COLOR

REF. 083141

The GYSMATIC 2.0 CL is equipped with a clear 2 tint for perfect visibility and enhanced precision. Its rounded shield provides complete coverage while maintaining an optimum field of vision. Projections of material slide easily off either side of the mask. The multi-premium headband ensures a customised fit, reducing fatigue even during prolonged use.

FEATURES

- **Light shade 2**, exceptional visibility before welding.
- **Multi premium headband** fully adjustable. Optimised balance point for exceptional comfort.
- **4 ultra-sensitive** sensors for maximum efficiency. It can be used for TIG welding from 2 A upwards.
- Darkening speed ultra fast: 0.08 ms
- **8 shades available**, adaptable to all welding operations.
- **Excellent classification**: optical class 1/1/1/2 (EN379) for high image fidelity
- **4 Possible settings**: Tint, Sensitivity, Delay, Grinding.
- **TRUE COLOR technology** : more realistic and detailed colour reproduction than conventional filters.
